FUNFAIR CELEBRATION

On occasion of New year celebration our school organised a funfair. Funfairs are a good source for our children to socialize themselves with other students. At such events children meet and socialize with children of all the classes. After a long year of hectic academic routine, funfairs are a good break before the

beginning of new semester. Children get fresh and enjoy themselves. This helps their minds to be ready again for the learning of new subjects. They meet each other and share their happiness.

COCURRICULAR ACTIVITY

A co-curricular activity essentially takes place outside a typical pen and pencil classroom experience. It gives the students an opportunity to develop particular skills and exhibit their non-academic abilities. These activities might be compulsory, such as music, art or drama classes that take place during the day.

KITE MAKING ACTIVITY

Class 1 to 5 drew kites and coloured individually in their drawing books. Class 3,4 and 5 made the kites with craft papers house wise. Class 6 onwards they made large size of kites in group with the help of chart papers, craft papers, colours and festoons, which have been displayed near the entrance of girls building.
